Dear Mr. Manley,

My wife gave me your telegram on my arrival from Montgomery. I am very sorry but I have completed my schedule for first half. That is, I don't have an open date. We haven't made our schedule for second half and if you want to come down after that date I will be glad to book you in best spots. However, I would have to know before first of July.

Banks arrived on 15th. He contacted me from Richmond and I am giving him \$250.00. He seems ok and should make me a good second string catcher. Chattanooga come here with a 7 to 0 record. We beat them in the first of a four-game series 9 to 1. Thank a lot for contacting me with Banks. Be sure to let me know when you want to come down in time for me to get you best places.

C. L. Moore
